**About Racking:**

Kit Rack wine racks by Genuwine Cellars represent our entry-level wine cellaring solution, drawing on the design and engineering expertise we've established with our high-end cellars. Using only premium grade mahogany, the ready-to-assemble Kit Rack allows you to configure racking in any way you need to fit any room. Kit Rack's modular dimensions are compatible with the most commonly used racking dimensions so you can even expand an existing wine cellar's capacity without compromising appearance or proportions.

**Design Service:** \$99

**Revisions Included:** 02

**Lead Time:** 1-3 Days

**About The Design Service:**

The GC Design Service includes design consultations with experienced Wine Cellar Designers and provides each client with a detailed drawing and quote package. Drawing packages include plans, elevations, and perspective drawings generated in-house using 3D modeling software. Wine Cellar Designers will provide guides and instructions when necessary to aid in the design, construction, and cooling of your wine cellar.
